

## Portable GPS Navigation System

Find your way,  
the easy way.

# TomTom GO 910

TomTom GO is the smart, easy-to-use, portable navigation solution. Switch it on and GO. The crystal-clear widescreen display, 3D graphics and innovative voice instruction help you find your way to any address in the United States, Canada, and Europe. A few taps of the screen get you going. Pick a destination, choose the type of route, and it guides you door-to-door.

The built-in Bluetooth™ connection lets you easily make or receive calls hands-free. And with TomTom PLUS the GO can re-route you around traffic jams and alert you to bad weather.

Easily control your iPod® directly from your TomTom GO. Store and play thousands of songs on the internal 20 GB hard drive. The home dock lets you connect to your PC for itinerary planning and downloading maps, voices, songs, photographs, and audio books.

The portable, widescreen TomTom GO is the smart and easy choice for every car, every trip, everyday.

### Easy

- Compact, portable design - easy to take from car to car
- Switch on and GO right out of the box
